Introduction

These prices should help you work out the approximate cost of any work you would like transcribed. Since text always varies in complexity, you will need to show us a copy of the document before we can confirm the exact price for you. Please just email or post your document to us for a written quotation.

Flexibility: remember we can do a lot more than detailed here – please just ask!

These prices are correct at 01/09/17

“I’m so delighted with the books – you’ve really kept the look and feel of the originals, and these are going to be great fun for girls to use. I am also so impressed with the attention to detail and accuracy. Fantastic job!”

Alison Griffiths,
Editorial Project Manager, Girlguiding & Brownies

Audio

| | <i>Simple format</i> | <i>Complex format</i> | <i>Copies</i> |
|---------------------------------------|----------------------|-----------------------|---------------------------------|
| Audio (wav, mp3 or podcast) | £3.95 | £7.60 | £1.80 / CD or £4.00 / USB |
| Specialist Audio * | £7.60 | £15.20 | as above |
| Digital Voice | £2.60 ** | £7.40 ** | as above |
| 2nd level proofing | £7.60 | £7.60 | |

Prices quoted are per A4 side (approximately 500 words) unless stated otherwise.
 For copies, please remember that your document may run onto more than 1 CD.
 You can expect approximately 9,500 words (19 A4 sides) to fit on a WAV CD.
 Approximately 90,000 words (180 A4 sides) will fit on an mp3 or podcast CD or a USB.

For documents where complete accuracy is essential
 such as bank statements, we recommend using digital voice or adding 2nd level proofing
 ** Please note that if you cannot provide your document in an appropriate electronic format,
 then a conversion charge will be added.

Standard Presentation:

All Audio CDs include print labels free-of-charge.
 CDs are packed into wallets or cases (depending on number of CDs).

Other Options:

Braille labels (see page 11) and Inlay cards are available.
 Conversion between formats / Digitising: £12.00/media.
 £1.00/USB for any USBs that are returned and can be reused.
 Various other presentation options are available on request for an additional charge.

E-text

| | <i>Simple format</i> | <i>Complex format</i> |
|---|----------------------------|----------------------------|
| E-text Word <i>Accessible Word docx</i> | £3.95 + £1 per graphic | £7.60 + £1 per graphic |
| E-text PDF <i>Accessible PDF</i> | £15.20 + £1 per graphic | £35.00 + £1 per graphic |

Prices quoted are per A4 side (approximately 500 words) unless stated otherwise. Please note that if you cannot provide your document in an appropriate electronic format, then a conversion charge will be added (see page 13).

Standard Presentation:

Accessible Word documents will be presented in Large Print style and provided in docx format. Accessible PDF documents will look like the original PDF and will be fully accessible with adaptive software.

Other Options:

Accessible PDF documents can also be presented in Large Print style - the document is reproduced in Large Print style first, then produced in PDF and made accessible (same price as Accessible PDF above).

Specialist E-text also available - please ask for prices:

Foreign Language E-text - Price varies by specific language

Maths - up to degree level

Exam Papers - additional layout features

What is E-text?:

Most visually-impaired people use computers with specialist adaptive software that reads aloud the text on the screen, magnifies it or produces it on a refreshable Braille display. E-text documents are electronic formats that have been made accessible to work with adaptive software.

Easy Read

| | <i>All formats per page</i> |
|---|---------------------------------|
| <i>Easy Read Short documents (usually <3000 words)</i> | £150.00 * |
| <i>Easy Read Long documents (usually >3000 words)</i> | £45.00 |

Prices quoted are per A4 side (approximately 500 words).
Prices are bespoke so may vary depending on complexity of the original document, please ask for a fixed quote.

* Minimum charge £90 (for example for a simple letter).

Standard Presentation:

Easy Read is produced as print-ready PDFs, A4 size, black text on white background, with full colour images.

Other Options:

Printing can also be arranged for an additional charge.

Why the difference in prices?

Easy Read format combines images with clear text for adults with a learning disability. Usually short documents need to be expanded to provide clarity, but long documents need to be condensed and summarised. The above prices are a guide, and we will provide a fixed quote for any document.

Tactile & Large Print Diagrams

| | <i>Simple format</i> | <i>Complex format</i> | <i>Copies</i> |
|-----------|----------------------|-----------------------|------------------------------------|
| A4 | £35.00 | £60.00 | Tactile £2.00 Large Print £0.32 |
| A3 | £45.00 | £70.00 | Tactile £4.00 Large Print £2.00 |

Simple diagrams may include logos and diagrams with few elements and few labels; diagrams and maps with more elements and labels are classed as complex. Please always send your diagrams to us to confirm the category and pricing.

Standard Presentation:

Tactile Diagrams contain raised lines and areas, and have Braille labelling.

Tactile Diagrams are produced single-sided on cream-coloured swell paper.

Tactile areas are black, coloured areas are not raised.

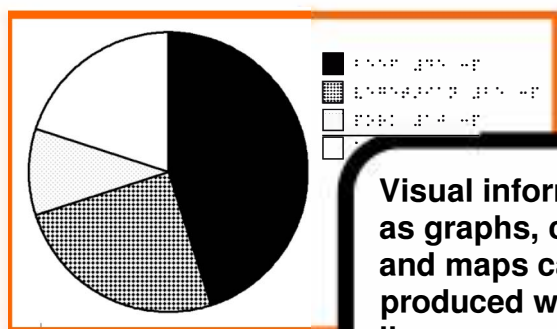

Tactile diagrams are bound into your Braille document if appropriate.

Large Print Diagrams are produced on pale yellow or white 120-250gsm paper for maximum clarity and are integrated into your full Large Print document if appropriate.

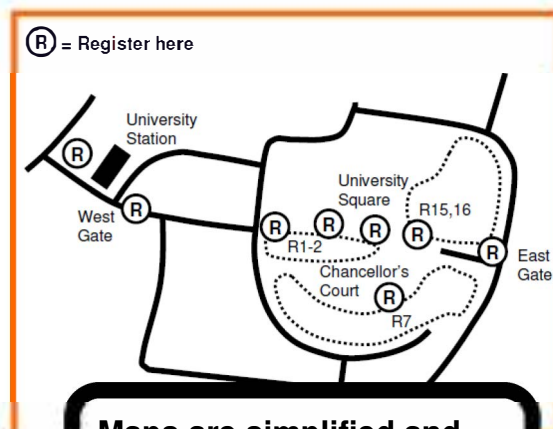

Other Options:

Tactile Diagrams can alternatively be produced with raised ink (coloured or transparent) on white card for an extra charge.

If both Tactile and Large Print versions of the same diagram are required, the second version will be charged at half price.

Visual information such as graphs, charts, logos and maps can be produced with raised lines, curves and textured areas. We simplify and re-design the diagrams to create a clear tactile version.

Maps are simplified and redesigned to produce Large Print versions with maximum clarity.

Braille Labels

| | 0-99 | 100-499 | 500-999 | 1000-4999 | 5000-9999 | >10k |
|--|-------|---------|---------|-----------|-----------|-------|
| White Braille Labels White paper labels, Embossed Braille Max. size 201 x 288 mm | £1.80 | £1.30 | £1.19 | £0.65 | £0.18 | £0.13 |
| Clear Adhesive Braille Labels Clear Vinyl labels, Embossed Braille Max. size 145 x 100 mm | £2.00 | £1.45 | £1.30 | £0.70 | £0.30 | £0.29 |

We can produce a range of Braille labels which can be used on our Audio CDs and for many other applications such as: **Packaging, Bottling, Greetings Cards, Price Tags.**
If you have a bespoke request, please just ask.

We recommend using clear adhesive Braille labels on CD cases as they increase accessibility

Business Cards

| | 250 | 500 | 1000 |
|--|------|------|-------|
| Standard Business Cards 1-sided single-sided print + single-sided Braille | £460 | £520 | £650 |

| Folding Business Cards single-sided print + single-sided Braille scored & folded to give print on outer pages, Braille on inner pages | £500 | £680 | £1100 |

Print: Artwork must be supplied with 5mm bleed in an acceptable electronic format.
 Braille: We will discuss your requirements and recommend the best text to fit the space.
 Please note that Braille text is much larger than printed text, and you may need to cut down the number of words used.
 25% Discount available if you order more than 1 set of cards.

Standard Presentation:

Standard cards: 55x85mm
 Folding cards: Double size to fit more Braille, folded to standard size;
 either side-opening 170x55mm or top-opening 85x110mm
 Material: White business card approx 350gsm

Other Options:

Various other presentation options are available on request for an additional charge.
